

# LAMINEX® COMMERCIAL PALETTE

Laminex®  
Inspire your space

The Laminex® Commercial Palette features harmonious decors for commercial environments that reflect current trends. Office environments are being driven by design, with businesses placing more importance on creating tailored, beautiful and inspired work spaces. Hotels are becoming more intimate and inviting. Retail enterprises are delivering lifestyle experiences. Even hospitals are becoming less institutionalised. To help you bring these environments to life, the Laminex Commercial Palette features 60 unique decors, including a mix of solid neutrals, woodgrains and distinct patterns. For the most seamless schemes, you can complement the palette with products from the wider Laminex range including Innovations®, Fusion®, Freestyle® and DiamondGloss® surfaces. The Laminex Commercial Palette will inspire any design for commercial applications.

## GREENFIRST®

Greenfirst is The Laminex Group's commitment to the environment. Always at the forefront of design and innovation for interior surfaces, Laminex offers products that meet certain sustainability criteria within the Green Building Council of Australia's Green Star rating system.

All products from the Laminex Commercial Palette can contribute to the Formaldehyde Minimisation and Volatile Organic Compounds credits. Laminex has made the environmental choice to now offer Decorwood® (standard MDF) in E0 only, whilst Vertiboard® and Structural MR® products have the option of E1 and E0 formaldehyde emission levels. In addition, the application of the product system or solution will determine the total number of Green Star credits through materials calculators.

A selection of colours are also available as made to order in Decorwood (Standard MDF) that are FSC™ (Forest Stewardship Council™) certified and E0 to contribute to the Sustainable Timber credit. For detailed information please contact your Laminex Representative. It is important that FSC™ is specified when ordering these products.

PANELS

Laminex laminates are marketed, distributed and manufactured by The Laminex Group, a division of Laminex Group Pty Limited ABN 98 004 093 092. The colours of the products featured within the imagery in this brochure are as close to the Laminex Commercial Palette range as photographic lighting and modern printing processes allow. Laminex laminates are no different than any other material in that darker colours will always show scratches and superficial wear and tear more readily than lighter colours. Laminex laminates should be protected from strong direct sunlight as continuous exposure may cause discolouration or fading to the surface. Please obtain a copy of the terms and conditions of Laminex laminates 7 year limited warranty from The Laminex Group or visit [laminex.com.au](http://laminex.com.au). This warranty is in addition to any rights that may exist under the Trade Practices Act. Laminex®, Innovations®, Decorwood®, Greenfirst®, Lamiwood®, Structural MR®, Vertiboard®
